

Modifications to membership billing for members of multiple associations

Dear CSIA members,

We are happy to announce that ACA, CASI, CADS, CANSI and the CSIA have mutually come to an agreement to facilitate membership renewal and provide rebates to members who hold certain types of memberships with the CSIA and 1 or more of the other associations. Within the snow sport industry, we understand that our members are usually members of more than 1 associations, and therefore hope that this will entice members to remain active in the various disciplines available.

This new agreement will be in effect as of this season (2018/2019) and may impact your membership dues invoice.

Membership renewal and possible savings

This means that when you renew your CSIA membership, you will be able to also renew your membership with not only ACA and CASI, but also with CADS and CANSI (new partners) in one single transaction.
